## President's Message

Dear Friends

As we wind down the Rotary year and complete the penultimate the month, I look back with some satisfaction. The **Club Performance and Appraisal** was signed off AG by IPP Mukta Malhotra and forwarded to the District Governor for consideration. The report forms the basis for the Club Awards and Recognitions for Rotary Year 2021-22.

During the month we completed the 76 Cataract surgeries project, partly funded by a District Grant. We plan to recognize Dr Vir Chhillar for his wonderful support.

I am very happy to report that our Club is now a **100% PHF Club**, a feat achieved only by a handful of clubs in our District. I would like to thank IPP Mukta Malhotra for pursuing this with the District Governor.

The **District Training Assembly**, another landmark in Rotary calendar was an opportunity for incoming board to get trained on the roles they are expected to fulfill in the coming Rotary year. Eleven of our members had registered, and our Club had partially subsidized the registration fees to reduce the burden on members.

We are in the process of winding down our projects. Only two remain namely, Prem Daan and Book distribution to Mewat schools. These will be completed in the month of June.

With Rotary regards

*Abdul Aziz Seyid*

# RI President's Message

June 2022

## What a year it has been for Rotary.

You have lived up to every challenge, including to grow more, do more, and Rotary has grown in a way that we haven't in many years. This year saw life-changing new projects across all areas of focus, as we took up important work at the highest level — with UNICEF, the Commonwealth, and global leaders. Our efforts opened opportunities to empower girls, improve the environment, and advance literacy and health.

I want to thank each of you for your proactive service. I also want to thank the wonderful Rotary staff for ensuring that we can work with care for our fellow human beings, with peace in our hearts.

Personally, this has been an extremely enriching year for Rashi and me. We've met with thousands of Rotarians and been inspired by their great work around the world. We were also able to showcase Rotary's work at the highest level, meeting with heads of state, leaders, and bureaucrats and offering to work with them to show that Rotary cares and brings peace in this world. With our swan song, Rashi and I wish you the very best as you Serve to Change Lives.

## Community Service Project Felicitation Function held for our Club at Mother Teresa Prem Daan

On 21st May 2022, our Club was honoured by Mother Teresa Prem Daan for helping them in giving a facelift to the Ashram by doing an exterior and interior Paint job which has taken almost 2 months to complete. The Ashram looked very neat and clean and gave very good vibes. The residents of the Ashram were very happy with the new look! At the Felicitation Ceremony, a resident, Ms Sangeeta gave us a warm reception and spoke about her journey of life at Mother Teresa. A few things she said were very touching.....

***"Life is a gift, we must enjoy it! Most of the things we need are within us or around us!"***

***"Every morning when I wake up, I feel grateful for the beauty and the people around me"***

Living with disability and under such conditions, she gave us a lot to think about....

May God bless her and all the other residents there. Also many thanks to all the Sisters and staff for their selfless service.

President Rtn. Abdul Aziz Seyid, Secretary Rtn. Shobha Khatri, Rtn. Vivek N Gour, Rtn. Rama Chawla and Rtn Dr Kavya Jha graced the occasion.

# New Generation Service

## Major projects undertook by our Interact Club Shiv Nadar School

### INTERACTION WITH SEENAGE

Month: October to December

As an interactor at Shiv Nadar School, Gurgaon, we conducted interactive sessions with the elderly. Our meetings were not stressful or task-oriented, rather it is just a platform for the elderly to talk to the younger generation and pass on their learnings. As students, we too would try and teach them how to use technology and other things that one needs to know in the 21st century if they are willing to do so.

### MENTAL HEALTH WELL BEING

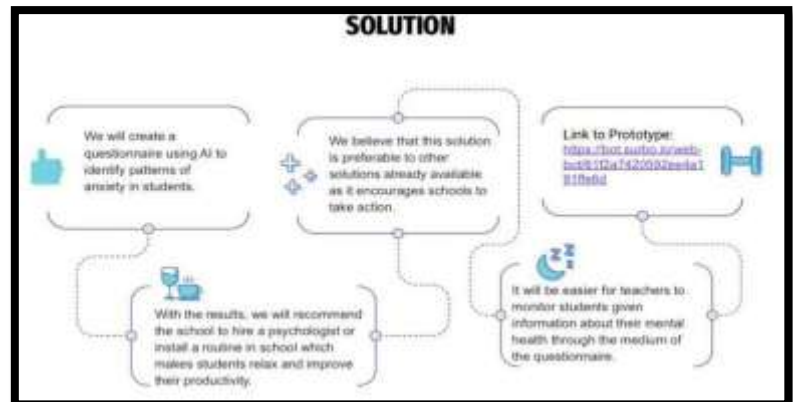

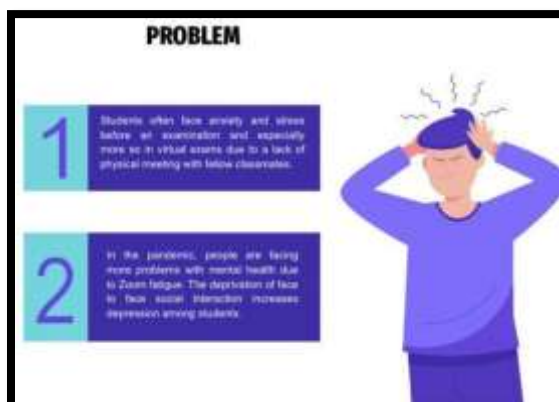

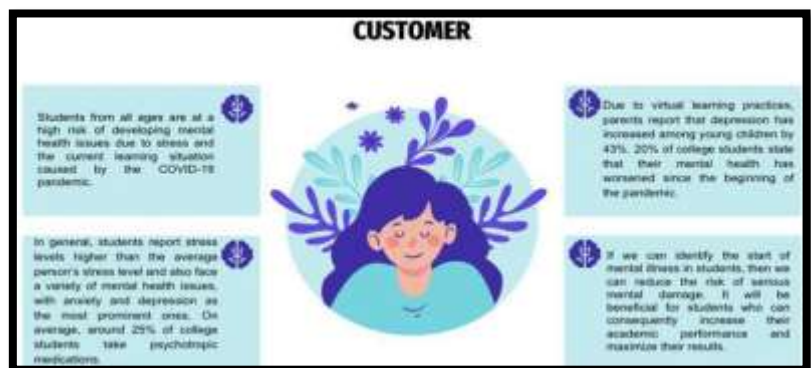

Month: January to February

One of the interactors presented their project which was An app questionnaire made using Artificial Intelligence to identify patterns of anxiety in students. This is a creative way to give an instant response on how to get over the anxieties and encourages students to take suggested actions. This can help students perform better in their examinations.
