Dear Fellow Rotarians,

Hope all of you are safe and sound. Time to announce our next Bulletin.

Vocational Service is the essence of Rotary and serves as the foundation from which we serve our communities around the world. TAKE ACTION. Vocational service calls on us to empower others by using our unique skills and expertise to address community and help others. Vocational service month is an opportunity to begin year-long vocational service activities. Vocational service focuses on adherence to and promotion of the highest ethical standards in all occupations, including the treatment of employers, employees.

Considering the pandemic it has been very difficult for people to earn their bread and butter many people have lost their jobs. However our club has been very focused to try and help the needy as far as possible. Our member Rtn N K Bhargava gave employment to many women in running a project to stitch medical gowns in his garment factory. In turn we distributed these gowns to hospitals for their day to day use.

We plan to do more vocational projects to generate employment and help people. I am presenting the Bulletin for the month of January.

I do hope you are enjoying reading same.

With Rotary Regards

Rtn. Mukta Malhotra
President 2020-21

THOUGHT OF THE MONTH

Extending one hand to help
somebody has more value
than joining Two hands.

RI President's Message

Holger Knaack
President
Rotary International

In Rotary, 23 February is our anniversary, and February is also the month when we focus on promoting peace. There is a reason for this: Contributing to peace and international understanding has been a high priority for us since our earliest days.

We are often asked: "How can we get involved in peace now?" There are many paths to peace in Rotary. Our youth programs point us in the direction of Positive Peace, as does the work of intercountry committees and the Rotary Action Group for Peace.

Another path is the Rotarian Peace Projects Incubator (RPPI), an inspirational collaboration among Rotarians, Rotaractors, and Rotary Peace Fellows and alumni. Led by Rotarians in Switzerland and Liechtenstein, RPPI has designed 48 global projects that any club can support, either directly or through Rotary Foundation global grants. Nino Lotishvili and Matthew Johnsen, alumni of the Rotary Peace Center at Chulalongkorn University in Bangkok, Thailand, are two of the many volunteers.

During my Rotary peace journey, I have learned how personal resilience helps build inner peace and create sustainable outer peace. This was the inspiration behind the Women Peace Ambassadors for the South Caucasus project, which is based on my field research in Georgia. The RPPI team of Rotarians and peace fellows recognized the incredible potential of women from mixed-ethnicity families who live on borderlands to be role models for peace within and beyond their communities. Through workshops on building inner and outer peace that draw on the power of storytelling, 40 participants will be sharing their stories and reaching around 400 extended family and community members. These inspiring but marginalized women will reclaim their inner strength as peacebuilders at the grassroots level. In this way, we will take steps toward the sustainable, peaceful society we need so much, not only in our region, but throughout the world. — Nino Lotishvili

I was excited to join the peace incubator project and to further strengthen my ties with Rotary's peace community by working with past and current peace fellows to develop these proposals. My team wrote five proposals — three in Bangladesh, one in Iraq, and one in Poland — that focus on the arts and on education to generate dialogue across religious divisions and avert the radicalization of young people. I was inspired by how, despite the pandemic, we came together via technology with a vision to develop, test, and strengthen ideas and to produce workable solutions that clubs across the world can support to advance peace. I am excited to work with Rotary's peace community to transform these visions into reality. — Matthew Johnsen

Here is further proof that in Rotary, we prefer action to words. This is Rotary at its best. I encourage you to visit rppi.ch to explore the projects and support them.

We have lasted 116 years because of our strong ethics, our passion for Service Above Self, and our unique approach to problem-solving. One of our greatest strengths is how we reach across our communities and across national, ethnic, religious, and political divisions to unite people of all backgrounds and to help others. This month, let's celebrate our history and the many ways that Rotary Opens Opportunities to advance world understanding, goodwill, and peace, our ultimate mission.

Gurgaon Rotary Club sponsors 66 children heart surgeries

Rotary Club of Gurgaon Harmony Iberis, through a global grant of Rs 1.65 crore, has sponsored a heart lung machine and funded 66 life-saving child heart surgeries at Sri Satya Sai Sanjeevani Hospital in Palwal, Haryana, amidst the Covid pandemic.

Our Mega Project 'Gift of Life' Published in "ADVAITYA" Governor's Monthly Letter, Volume VII, January 2021 at page 5

Serving the Unserved

India remains the world capital for Congenital Heart Disease (CHD), with over 3 Lacs children born with this every year. Without medical / surgical care, over 25 per cent of children die before their first birthday. Only a small fraction of children with CHD can afford cardiac surgery, since specialized pediatric care is expensive and beyond the reach of underprivileged. Due to COVID, this vulnerable population suffered more as treatment for CHD became unavailable in Government Hospitals. CHDs are present at birth and can affect the structure of an infant's heart and the way it works. CHDs can vary

from mild such as a small hole in the heart to severe such as, missing or poorly formed parts of heart. A Hole or Atrial Septal Defect, as it is called is fatal for a child if not treated on time. In order to fix the hole, doctors insert a thin, flexible tube [catheter] into a blood vessel in the groin and guide it to the heart using imaging techniques. Through the catheter, doctors place a mesh patch or plug to close the hole. The heart tissue grows around the mesh permanently sealing the hole. This is a complicated surgery which needs specialist doctors, special care and is quite unaffordable for EWS.

President Rtn Mukta Malhotra, Rtn Vivek Gour, Rtn Abdul Aziz Seyid visited the Sri Sathya Sai Sanjeevni Hospital in Palwal, Haryana on 13th November 2020. Needless to say it was shocking to see small children as young as one month old and above being operated. It was in that moment of time that they decided to help the Hospital in this noble endeavor. The hospital is doing a tremendous amount of service and any global grant that could benefit them would be the highest humanitarian service to mankind. **Rotary Club of Gurgaon Harmony Iberis through two Global Grants of Rs 1.65 crores sponsored a Heart Lung Machine and supported 66 life saving child heart surgeries at the hospital amidst pandemic.** President Mukta Malhotra, PP Abdul Aziz Seyid and Rtn Vivek Gour contributed Rs. 29.60 Lacs towards the project. The children operated were from across 11 states of Northern India. Their age ranged from 0 to 11 years of age.

To commemorate the culmination of this project, on 5th of January 2021 the Rotary Club members visited the Hospital and presented **Gift of Life Certificate** to few of the beneficiary children of this project. The event was projected on a virtual platform and was attended by members of Rotary Club of Fort Wayne, USA (Distt. 6540) who had been partners in this project. District Governor 3011 Sanjiv Rai Mehra, PDG Vinay Bhatia and District Secretary Admin Mohit Anand Bhatia also graced the occasion. DG Sanjiv Rai Mehra informed that Rotary has been instrumental in funding the Operation Theater (OT) and an Intensive Care Unit (ICU) in the same Hospital through Global Grants. To quote him, These projects cheer the hearts of every one around'.

A truly commendable projects of Rotary Club of Gurgaon Harmony Iberis which stood by its Motto of 2021 - **'Get the Smile Back on the Face of Little Angels and Get Tears of Joy on the Face of Parents.'**
